# Membership

Fractional membership makes boating affordable and easy. With SailTime you share access to a new model yacht with other SailTime Members. Each member gets guaranteed usage every month and SailTime covers the cost of insurance, marina fees, cleaning, maintenance, and repairs. Plus, if your boat is available within 36 hours, you can book last-minute reservations online without using any of your monthly allocation. Note: there is an additional fee for lite memberships.

The all-inclusive monthly membership fee is typically less than a day charter rate for a similar-sized boat. SailTime also provides comprehensive on-water training for each member. With SailTime's professional yacht management and interactive online scheduling system, your boat is ready when you are. All of our sailboats are generously equipped with the most modern options and are outfitted with cruising gear and safety equipment. All you have to do is bring food and bedding if you are staying overnight.

Imagine all of the great memories to come with friends and family out on the water. Join SailTime and experience the thrill of riding a brisk breeze as your boat cuts through the waves, heading for a secluded bay at sunset to enjoy a quiet dinner under a pink-streaked sky.

# Ownership

## Generous Boating Access

As a SailTime boat owner, you will have guaranteed regular access to your boat while using SailTime's proprietary online scheduling system. This allows you guaranteed monthly usage and unlimited last-minute reservations booked online within 36 hours. Your boat will be docked at a local marina, ready to sail with the fuel and water tanks topped off. This makes going for a day sail a convenient and pleasant experience.

## Professional Boat Management

Regular boat maintenance is a big expense and requires significant time and expertise. SailTime boat owners don't have to worry about those headaches. Your local base manager will be notified, via the SailTime Embark app, everytime your boat departs and returns. They will handle regular maintenance, preventative care and repairs. As a boat owner, you will be kept well-informed of your boat's rigorous upkeep.

## Stress-free, Affordable Boat Ownership

You are the sole owner of your boat and you will receive all the benefits of ownership without the time requirements of owning a boat. This is a stress-free, practical and affordable way to own the boat that best suits your lifestyle. SailTime manages the costs and provides you with consistent monthly revenue through the Membership Program.\*

# Fees

## + Joining Fee

A Joining fee is required when someone first becomes a Member. This fee minimally covers the initial "checkout" process that everyone is required to perform before they can operate any vessel. This private checkout is administered on the member's boat in their home location. The fee may vary by base location.

# Sailing School

Whether you're new to sailing or an old hand who wants to brush up your skills, our award-winning training centers and instructors are here to help.

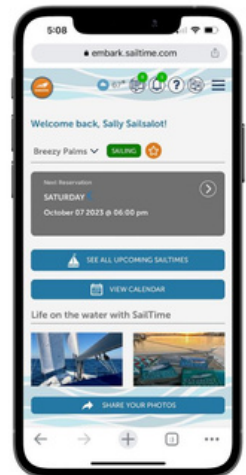

As the country's largest network of ASA Sailing Schools, we offer 28 locations for training certification.

# Embark®

SailTime offers Embark Mobile that allows you to control your membership from the palm of your hand. Utilizing Embark Mobile, members can access their boat calendar from anywhere to make or change reservations.

- Make Your Reservations
- Update Your Reservations
- Check-on and Check-off
- Update your personal sailing log

This simple platform makes it even easier to have your boat ready when you are!

## + Annual Membership Fees

This will vary by location, the size and type of boat that you choose, plus the amount of boating that you want to do each month. Contact regional bases for their pricing.

## + Membership Term

All SailTime memberships are based on a 12-month term.
